

ROOT CAUSE ANALYSIS REPORT

RCA-20260407-124331-i-0380cd

Triggered	2026-04-07 12:43:31
Resource	mcp
Type	ec2
Metric	cpu_utilization_percent
Value	99.9972
Severity	CRITICAL
Cloud	aws
Region	eu-north-1
Generated	2026-04-07 12:43:32

Executive Summary

No clear upstream root cause was identified in the 30-minute lookback window. The anomaly on mcp/cpu_utilization_percent may be an originating event rather than a downstream effect.

Analysis Confidence

Root Cause Identification

No upstream root cause was identified within the lookback window. The trigger anomaly appears to be an originating event.

Incident Timeline

Time		
2026-04-07 12:43:31	Trigger	ANOMALY DETECTED: cpu_utilization_percent on mcp

Recommended Actions

- 1. Acknowledge this anomaly in the dashboard once remediation is confirmed
